

IMPACT 2023 Sponsorship Package

IMPACT 2023 Conference, organized by IEEE-EPS-Taipei, iMAPS-Taiwan, ITRI, and TPCA, is Taiwan's largest gathering of professionals in the field of PCB and packaging. This year's event is scheduled to take place from October 25th-27th at Taipei Nangang Exhibition Center in conjunction with TPCA Show 2023. The symposium's theme, "IMPACT on the future of HPC, AI, and Metaverse," aims to explore the latest electronic technologies and foster collaboration among enterprises and organizations.

The rapid development of HPC, AI, and Metaverse technologies is set to revolutionize existing technologies, connect people in new ways, and redefine our lives. To provide a valuable platform for these innovations, IMPACT 2023 will host plenary speeches, special and industrial sessions, invited talks, outstanding papers, and poster presentations. This conference will also collaborate with international organizations such as ICEP and JIEP from Japan, iNEMI, iMAPS, and IEEE EPS from the USA, as well as global consulting companies such as Yole Développement and Techsearch from the USA.

By becoming a sponsor, your company will gain first-hand access to state-of-the-art research and be able to demonstrate your novel products and innovations to decision-makers. Other benefits include company promotion, recruitment opportunities, and the opportunity to enhance your company's image. We hope that you will join us as a valued supporter.

Wei-Chung Lo, Ph.D.
General Chair of IMPACT 2023
President, iMAPS Taiwan
Deputy General Director of EOSL, ITRI
